Are you are looking for a solution to your basic training administration needs? Do you have a limited budget? why not look at our LMS LITE!

Virtual-IT Learning Management Systems (LMS's) are affordable, easy to use databases. They will help manage your Learner data no matter the size of your company. Our clients range from SMME's to International Corporations training thousands of Learners.

The database sits on your computers or servers and we can have you up and running in no time. There are **No Annual Licence Fees** nor fees per Learner on self-hosted systems and did we tell you it's easy to use?

We install the LMS's via the internet. You also get unlimited access to training videos and three months free support!

So what does the LMS Lite version include?

Learners Module

- Full Contact and Demographic details
- Learner Record Duplication Screening
- Education Module
- Quick and Easy access to Records of Learning and Achievements
- Administration Section

Clients Module

- Full Contact details
- Space for multiple contacts per Client

Qualification Module

- Qualification Builder using Unit Standards or your own modules
- Unit Standards Module
- Unit Standard Import facility from SAQA Web Site
